# ZINITZ penetrates with major brands on Zambian market

By JAMES KUNDA

FORMED in 2009, ZINITZ Zambia Limited has penetrated the local market, establishing itself as a major brand with interests on manufacturing, agriculture, aquaculture, health and tourism, to mention but a few.

The company is within Zambia and a subsidiary of the the diaspora for ZINITZ Limited empowerment through Group of Companies, entrepreneurship. Structures and logistics of the ZINITZ Group are formulated with the aim of supporting the needs of modern global investment strategies of professionals

through the exploitation of a global presence that maximises benefits from local resources.

The company seeks to become a major provider for investments in the development of Zambia and the world as a whole by effectively and efficiently delivering high quality but lower-cost products with an emphasis on local resource utilisation.

Prominent among its core values is the commitment that the company ascribes to issues of integrity, efficiency and investments for long-

term development and growth emphasising on local collaboration which enables the combination of in-depth local knowledge with expertise in long-term investment interests.

“Our philosophy is to customise products and services to meet local needs but at the pertaining highest international standards through the delivery of a brand at an extremely high standard in whatever investment area we enter.

“We are also aware that the greatest resource is our employees and with whatever level of expertise, we wont only seek and employ, but we’ll also provide workers with resources to improve their knowledge, skills and competencies, using a broad pool of consultants that provide a broad knowledge spectrum.” says ZINITZ Zambia general manager Henry Mwenya.

Mr Mwenya further says issues of worker’s safety are at the forefront of ZINITZ’s activities as its places of work are of high standards and all operatives are not only provided with health and safety wear at work, but undergo health and safety training relating to the scope of work carried out.

“The main target here is to manage risks with a view to reduce incidents and near miss incidents to zero,” says Mr Mwenya.

With a hallmark “Let’s just do it” ZINITZ is focused on investments areas such as solar energy, building and construction of real estate, building materials manufacturing, natural stone processing, crop seed production, farming and construction equipping devices.

The company manufactures concrete roofing tiles and other related products at its plant located in Ndola’s industrial area near skyways.

The company will be displaying its products during the 49th Zambia International Trade Fair to be held in Ndola from June 26 to July 2, 2013 under the theme ‘Value Addition Through Global Partnerships’.
